ING

THE PIECE THAT BRINGS IT ALL TOGETHER.

Moulding completes the look of any space by adding depth, texture and contrast. Not only is moulding aesthetically pleasing, but it can also add value to your home and provides an extra layer of protection for walls.

Woodgrain Distribution offers a wide selection of quality moulding – from ceiling to floor – in a variety of species, profiles, sizes, and applications. Whether you're looking for simple base moulding, beautiful crown moulding or combine pieces to create a unique look, we have what you seek.

Our attention to quality and detail can be seen in the end product. To achieve a seamless look, our moulding is cut to match our drawings exactly. This ensures that any two pieces of moulding from the same profile line up every time.

MOULDING SIZE CHART

Consider the size of your space when purchasing moulding. As you can see based on the chart below, the taller the space, the wider the moulding.

EXTERIOR DING

SUPERIOR EXTERIOR PROTECTION.

The exposed trim work is a small, yet significant detail to the overall craftsmanship of a home. Exterior moulding is a functional component to sealing and protecting the home, while also adding character and style.

Woodgrain Distribution offers a variety of Exterior moulding profiles in Polyvinyl Chloride (PVC). PVC is a plastic product manufactured for exterior applications due to its ability to endure all types of weather conditions.

Our PVC moulding installs like traditional wood moulding and is a rot-resistant, durable solution for moisture. With UV protection as well as the ability to paint, PVC is an ideal solution for the home.

A dining room interior featuring a round, rustic wooden table with a weathered finish. Two light-colored upholstered chairs are positioned around the table. A modern, multi-tiered pendant light with a dark frame and warm-toned panels hangs above the table. A large window with a dark wood frame provides a view of a lake and a wooded area. Beige curtains are visible on either side of the window. The word "ELEG" is overlaid in a large, grey, sans-serif font across the center of the image.
